

Tensorgrip

L17

OVERVIEW

TENSORGRIP L17 is a fully portable adhesive system. It may be used to form high-strength bonds to particle board and MDF substrates. Plywood, many plastics and a wide range of other materials may also be bonded easily using TENSORGRIP L17.

FEATURES

ADJUSTABLE GUN allows you to control the unique spray pattern preventing wastage.

UNIQUE FORMULA prevents soak in of the adhesive on porous surfaces. This provides the user very high coverage and superior film build, resulting in stronger bonds.

LOW ODOUR combined with the fast tack time makes this premium adhesive suitable for on-site and factory applications.
